Travel Tip:

If you plan to rent a car, look into renting locally. With NO Airport Fees and Lower Taxes, the savings can be substantial. Most agencies deliver. This tip is valid at most US cities. For a list of local rental agencies in the Boulder/North Metro area, call us or your hotel's concierge.

If it doesn't say "**SuperShuttle®**", it's not a "**SuperShuttle®**"

DIA is made up of four major elements: Three remote Gate Concourses (A, B, and C), through which all travelers arrive, and the Main Terminal. The Concourses are connected to the Terminal by way of an underground train. Travelers could close their eyes and follow the crowd (there is nowhere else to go), but follow the signs to “Terminal”, “Baggage Claim” and “Ground Transportation”. The Boulder SuperShuttle Ticket Counter is in the Ground Transportation area.

Get off the underground train at the end of the line (the Lower Level of the Terminal). Take the escalator to the main level (Level 5). At the top, go to your left. The Boulder SuperShuttle Ticket Counter is the first on the left (see diagram).
